## FORWARD

Lives of great men all remind us  
We can make our lives sublime,  
And departing, leaves behind us  
Footprints on the sands of time.

We may not be great men and this yearbook may not be a footprint, but in publishing this volume of the "Angel" we have tried to include a true account of some of the activities at our beloved alma mater from 1949-1953. We hope that your interest will increase manifoldly with the turning of each page.

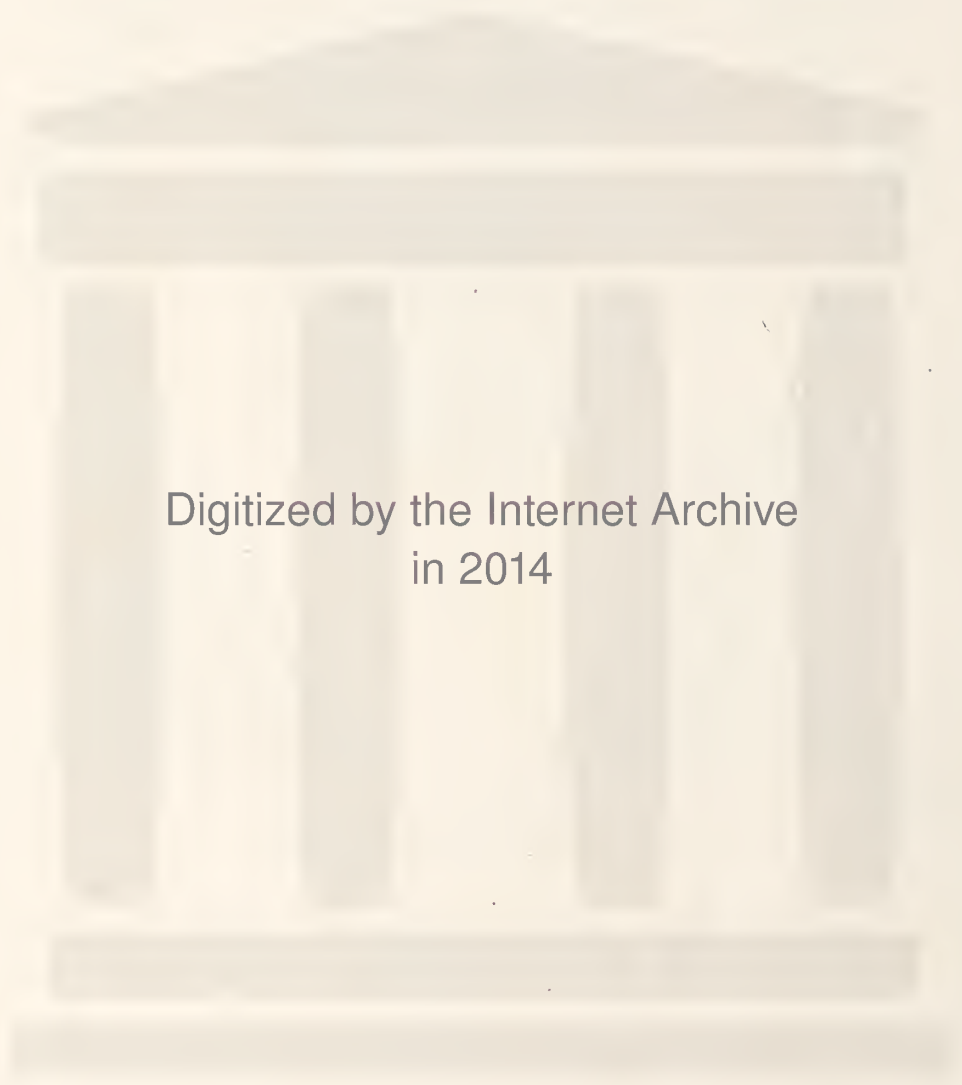

## DEDICATION

To show our appreciation to one who has given to us, during our senior year, her whole hearted co-operation in all of our class activities, one who has manifested interest in individual members of the class, and has struggled with us in our English and French classes throughout our high school years, we, the members of the Senior class of 1953, with admiration and respect, dedicate this publication of the "Angel" to our beloved class advisor, Miss Eula P. Watson.

## CLASS HISTORY

As the school term of 1950 began, we found ourselves becoming a part of the high school department, as freshmen. Like any other freshmen we were somewhat out of place, and it took us sometime to get ourselves adjusted to things that had been going on. However, our class organization went on as before. We elected our officers as follows: President, Algaray Henderson; Vice President, Robert Penny; Secretary, Kathryn Pulley; Asst. Secretary, Sarah McDaniels; Treasurer, Josephine Watson.

As freshmen we had a very large class. In fact, it was too large for everyone to take a part successfully in all the activities that were carried on. Later we had two new students to enter our class; they were as follows: Zelma Smith and Beulah Mangum.

In spite of all our difficulties during our first year in high school, our year was very successful, and the entire class looked forward to the next year, which was our sophomore year.

Beginning our second year in high school, as sophomores, we had a great responsibility and that was to learn to act as sophomores instead of freshmen. However, after capturing this difficulty, we took great pleasure in going into our studies with our leaders: Algaray Henderson, President; and Bertha Bell, Secretary. This year was also very successful. We accomplished our goal for the year and continued to climb towards the seat of the juniors, which in some respect made us feel as if we were grown ups.

As juniors the year seemed busier than the classes before. And in order to accomplish our main goal for the year we began discussing the Junior and Senior Prom on business bases on December 31, 1951. It was finally agreed upon that we have parties and programs to raise money. These plans were carried out perfectly. Later, we decided to have the prom on April 25, 1952, and as usual we had waiters and waitresses from the ninth grade. Our prom was based on "the mysterious jungle."

On April 21, 1952, the juniors motto was changed from "Upward Ever; Backward Never; From the Fountain of Knowledge Let Us Drink" to "One Step at a Time But Always Forward." And we were all very proud to know that we had gradually been moving "one step at a time but always forward", to the seats of our fellow alumni, and we were still striving to succeed as we entered into our senior year.

On September 11, 1952, we found ourselves in the seats for which we had been working twelve hard, but successful years. That was the senior year. Yes, we all agree that each moment, each class, and each teacher was only doing his job which has helped us through the years, and which we know will help us in the years to come.

Our class officers were elected as follows: Quincy Lassiter, President; Augustus Cooley, Vice President; Louise Williamson, Secretary; Josephine Watson, Asst. Secretary; and Ruby Sanders, Treasurer.

CLASS SONG  
(Tune: Finlandia)

O' Cooper High, the parting hours are flying.  
It breaks our hearts to have to say good bye;  
As time goes on there is no need denying;  
The thought of leaving nearly makes us cry.

Our teachers, dear, a loyal pledge we're giving,  
And parents too, who were always at our sides.  
Your loving care, that led our daily living  
Down through the years will ever be our guide.

O' Cooper High, the long long trail is ending.  
The day was long and endless seems the night,  
But now at last we're thanking you for lending  
Teachers and Friends who set our steps aright.

While filled with hope and beaming with your knowledge,  
To be our light and guide in our way,  
We say good bye and journey on to college,  
But we'll return again to you someday.

— Robert Penny

CLASS POEM

O' Cooper, you have helped to make our lives complete,  
With ones who dared to take a chance and help us meet  
The future with a smile, and help us over come our fears,  
Despite the many toilsome years.

Our parents loved and cared for us when we could scarcely walk,  
They gently calmed our childish fear and taught us how to talk.  
And then one day Ole Cooper's door flung wide to let us in  
To knowledge that was held in store if we'd only seek within.

Then teachers taught us how to write and heard us when we read.  
They listened to our morning prayers and recitations said.  
There were eyes filled with sympathy  
When our lips could not excuse  
What lay within our memory to show our thoughtfulness.

Forever will I think of you, no matter time or place.  
Your pleasant memory from our many years cannot erase.  
Though we search the wide world over, a long ways we may roam,  
Keep waiting here, dear Cooper, we will return home.

— Robert Penny
